Briefly describe why you want to serve on a board/committee (1,000 character limit): I have lived in Lewiston Auburn since graduating from Bates in 1982; marrying an EL graduate in 1984 and buying a home in Auburn in 1989. My professional and volunteer life have focused on education, arts and culture and economic development for our community and State. I would like to contribute to Auburn's comprehensive planning process to ensure our city can reach its highest potential and our citizens, especially our youth, can attain their highest aspirations. Briefly describe why you want to serve on a board/committee (1,000 character limit): I have lived in Auburn for over thirty years; I love the community and have found it to be a place where individual residents can make a difference. I have enjoyed working with other Auburn residents on matters of interest where we try to improve the lives of everyone who lives here. I hope to learn more about the challenges and trade-offs of moving Auburn forward through participating in Comprehensive Planning work. While there are issues that particularly concern me (environment, housing, welcoming diverse new Mainers into our civic processes) I would come into the process with an open mind, eager to hear what other people care about, and to try to engage with as many different residents of Auburn as possible in charting a way forward.

What do you hope to accomplish?:

I hope to help construct a "blueprint" that is both aspirational and also grounded in the realities and challenges of the city. Beyond particular goals and benchmarks for the future, I would hope to find a way to capture the attention and imagination of more residents of Auburn " to get more people involved in caring about this community as their home. Whatever the future throws at us, having people care " and be willing to listen to their neighbors " is essential.

This application is for a... (choose one): New appointment

Briefly describe why you want to serve on a board/committee (1,000 character limit): I am applying to serve on the 2024 Comprehensive Plan Committee because I want to continue to support Auburn's growth and improvement. The Comprehensive Plan sets the vision and tone for our community, and also provides clear direction for elected officials and staff ? making it one of the most important tools for municipal planning. I am passionate about Auburn and value community service. We all have a stake in the future vision that we set for Auburn, and it is our responsibility to help shape and implement our shared goals. As a member of the Committee I would work to create a positive atmosphere for thoughtful and respectful dialogue that considers all perspectives and allows for productive disagreement and debate.
